

Space Clearing House Blessing

If the energy of your home or the energy of life feels stagnant, a House Blessing will stir up new energy as you set powerful new intentions. A House Blessing is a powerful ritual when purchasing a new home, a grand opening of a new business, after an illness or death in the home, or after a conflict or stressful event. It's especially useful if you are moving into a foreclosed upon house, to clear out the old occupants energy and claim the home as yours!

The purpose of the House Blessing is to set new intentions, to benefit all within the environment and to raise the chi of the space. We'll invite in new energy and set powerful intentions in all Nine-Life-Values: Family, Wealth, Health, Helpful People, Children, Knowledge, Fame, Career and Marriage. In some instances all you need is a House Blessing to start changing the energy in your life!
